DIES AT AGE OF 76

J. FRANK PARTRIDGE PASSED AWAY MONDAY AFTERNOON.

FUNERAL HELD TUESDAY

Born in Adams County, Ohio, in 1835, and came to Nodaway County in 1865.

J. Frank Partridge of Arkoe, a well known old resident of this county, died at his home at that place Monday afternoon at 3 o'clock of a complication of diseases. He was taken home on Saturday evening from St. Francis hospital, where he had been under special medical treatment for a week, but to no avail.

The funeral services were held Tuesday afternoon at 2:30 o'clock at the Swinford church, near Arkoe, conducted by Rev. J. H. Thompson. The body was laid to rest in Swinford cemetery by the side of that of the wife, who had preceded him in March, 1910.

Mr. Partridge was born in Adams county, Ohio, October 18, 1835. When a boy he went with his parents to Edgar county, Illinois, where he grew to manhood and was married to Miss Lucinda Mapes. Two years after their marriage they moved to Gentry county, Missouri. During the war they moved to Nodaway county, Mo., and settled near Arkoe, which was their home during their life time. Mr. Partridge served in the Union army during the war, being a member of the Forty-third Missouri Infantry. He had been a Baptist in faith since his boyhood.

Eight children were born to them, six of whom are living. One died in infancy and a son, Jacob E. Partridge, died in young manhood, twenty years ago. Those living are Mrs. Mary Lewis of Stanberry, William James Partridge of Rockford, Wash.; Harmon Peck of Lawton, Okla.; Miss Ann Peck of Edge, living at home; Mrs. Della Kester of Exeter, Mo.; Mrs. O. Gave Farewell Souvenirs.

The members of the I X L Embroidery club met with Mrs. J. B. Henderson Monday afternoon, before her departure from her late residence, on South Main street, which has just been abandoned by the family, preparatory to moving to their new home at Oelwein, Ia., and presented her with two silver souvenir spoons, engraved with the club letters, I X L. Mrs. Henderson was also presented a book, containing recipes from each member of the club. The book was handsomely pen sketched by Mrs. Ernest Welborn. At the last meeting of the club Mrs. Henderson read the following review of the club's first year, that has just closed:

Reminiscence of the I X L Embroidery Club.

It was at the home of Mrs. Gooden, That a few of our good friends Thought of forming an embroidery club.

And the I X Ls began. At the home of Mrs. Johnson, O, such a short time it has been, My mother and I were made members, But we weren't initiated in.

And out at Mrs. Craven's, We tried to look just so, We had our pictures taken, But they were no good, you know.

And then at Mrs. Eckles', We were not there, you see, Our home was full of trouble, Which kept my mother and me.

And then at Mrs. Gooden's— The weather was not good— Three of us remember the initiation, And we thing some others should.

Over at Mrs. Nixon's, Everyone had a seat; I think you all remember The good things we had to eat.

And next we met with Miss Vida, I took a friend with me, She said she thought us a jolly lot, As near as she could see.

At our South Buchanan home, you know, What a bright day we had, And every member was present— It made us all so glad.

Do you remember the cab ride, We had to the Davis farm? When the lamp fell from the ceiling, And no one came to harm.

And then at Mrs. Wellborn's, The weather was cold and rough; Remember the words of the Davis boy? My, this stringy stuff!

And then at Mrs. Ceaser's, You know we all were glad, For you know the invitation To Mrs. Mitchell's we had.

Remember at Mrs. Mitchell's, The program all so well? Then followed the announcement, And Vida's wedding bells.

And then at the Wells home, At two thirty was the hour, We made so much noise and clatter, About Vida's big tin shower.

Remember the lunch at the Casteel home, And the St. Patrick colors, too? I wish her daughters had more birthdays, I X Ls don't you?

And here at our new location, At 602 South Main street, I don't think you feel burdened, With the good things you've had to eat.

We think that we will leave you, We can't tell you yet just when, But one thing we will tell you, We'll be I X Ls to the end.

And when we are settled, We may not far away roam; Sisters, you will always be welcome At the Norris and Henderson home.

For Hopkins Guest, Mrs. William Wallis, Sr., Mrs. William Wallis, Jr., and Mrs. Lafa Allen entertained twenty-four guests

MADE ANNUAL LEVY

NINE MILLS ON TAXABLE PROPERTY OF MARYVILLE.

TO HAVE A SANE FOURTH

Another Airdome Ordinance Presented, But no Action Was Taken By the City Council.

An adjourned session of the city council was held Monday evening, and another warm discussion of the airdome matter was had. S. J. DeArmond and Elmer Frazer were present at the meeting and presented another ordinance, which was drawn by Attorney C. F. McCaffrey, regulating and restricting airdomes in the residence district. The council declined to take any action on the ordinance upon the advice of City Attorney Blagg. Messrs. DeArmond and Frazer are fighting the building of the airdome on East Third street, which is being built by the Crystal Theater company. Mr. Frazer, in talking to the council, accused City Attorney Blagg of representing both the city and Jack Holt, the owner of the proposed airdome.

The council will probably take no action on the matter, as there is an ordinance now regulating shows and performances of this kind, the license fee being \$5 every day they show.

The annual levy of nine mills was made by the council, apportioned as follows:

Four mills for general revenue, One mill for library fund, One mill for principal of paying bonds.

One mill for interest on paying bonds, One mill for sewer bonds, One mill for interest on sewer bonds.

The city hall ordinance was not presented to the board Monday evening, as it was not prepared. It will be taken up at Friday night's session.

Another matter that was deferred until Friday night was that of hiring an expert engineer to go over the city water plant. Several letters were read by Mayor Robey of the probable cost of such an investigation, and the council thought they would not take any action until Friday night, waiting to hear from more of the engineers.

Mayor Robey and the council intend to have a sane Fourth of July celebration in Maryville this year. All toy pistols, toy cannons and all other explosives will not be sold in the city for the celebration, and Mayor Robey will see the dealers who handle Fourth of July supplies and instruct them not to invest in these explosives.

STATE SONG THAT WAS ADOPTED BY COMMITTEE

Jefferson City, May 15.—A woman, Mrs. Lizzie Chambers Hull of St. Louis, was today awarded the \$500 prize by Governor Hadley for a Missouri state song. This song was recommended by the committee, but the committee did not find suitable music for it, and the other \$500 for music will be offered in a few days for music for the words of this song. Here is the winning song:

Missouri, Missouri, we bring to thee Hearts full of love and loyalty; Thou central star, thou brightest gem Of all the brilliant diadem—Missouri.

CHORUS. Then lift your voice and join the throng That swells her praise in joyful song, Till earth and sky reverberate— Our own, our dear, our grand old state—Missouri.

She came, a compromise, for peace; Her prayer is still that strife may cease; She mourned her blue, wept o'er her gray, When, side by side, in death they lay—Missouri.

CHORUS. Nor North, nor South, nor East, nor West— But part of each—of each the best. Come, homeless one, come to her call, Her arms are stretched to shelter all—Missouri.

In connection with the award Governor Hadley said: "I fully agree with all that the committee has to say as to the words for the state song. It seems to me that they express with satisfactory completeness and effectiveness, as well as poetic feeling, those sentiments which should properly be expressed in a state song. I hope that we may be able to secure music which will make this song mean to the people of Missouri what 'Maryland,' 'Illinois' and 'My Old Kentucky Home' means to the people of those states."

"I am glad that the one to whom this prize has been awarded is a Missourian."

The grand lodge of Odd Fellows is meeting in Jefferson City this week. The vote for grand officers was taken by the subordinate lodges last December and the committee cast up the votes and the following are the grand officers elected:

Grand master—J. H. Bryant of Burlington Junction, editor of Triple Link, official paper of the lodge.

Deputy grand master—Rev. A. Sterling of Smithton.

Grand treasurer—C. F. Vogel of St. Louis.

Grand secretary—J. W. Wilkerson of St. Louis.

There were fifteen candidates for grand warden, and no one receiving a majority, the grand lodge will elect a grand warden.

Mrs. Iona Sullivan of Kansas City will be the new president of the Rebekah assembly, the ladies' auxiliary to the grand lodge of Odd Fellows.

MAIL CAME TWICE A WEEK

Census of 1860 Gave Maryville a Population of 300, But the War Reduced It to 200.

The second installment of the history of Nodaway county from 1865 to the present time, written by an old settler of Maryville, appears below. The first article was in last Thursday's issue.

Just a short way north of the Mrs. Weaver farm on the White Cloud the banks were quite steep on each side. The water was spanned, and the bridge constructed was built of logs reaching across from bank to bank and poles placed crosswise and pinned down to the logs by boring holes and driving in wooden pins, being covered with hay and straw.

Many will remember that there were no other kind of bridges built in this county at that time. After leaving the Cana Baker store and the timber of the White Cloud, we came on to the prairie again. It is important to state now that all of the early settlers entered their land along or nearby the timber line, as they then looked upon the prairie land as being practically useless only for grazing purposes and making hay to carry their stock through the winter.

A PIONEER'S STORY

SECOND INSTALLMENT OF INTERESTING TALE OF EARLY DAYS.

MAIL CAME TWICE A WEEK

Census of 1860 Gave Maryville a Population of 300, But the War Reduced It to 200.

The second installment of the history of Nodaway county from 1865 to the present time, written by an old settler of Maryville, appears below. The first article was in last Thursday's issue.

Just a short way north of the Mrs. Weaver farm on the White Cloud the banks were quite steep on each side. The water was spanned, and the bridge constructed was built of logs reaching across from bank to bank and poles placed crosswise and pinned down to the logs by boring holes and driving in wooden pins, being covered with hay and straw.

Many will remember that there were no other kind of bridges built in this county at that time. After leaving the Cana Baker store and the timber of the White Cloud, we came on to the prairie again. It is important to state now that all of the early settlers entered their land along or nearby the timber line, as they then looked upon the prairie land as being practically useless only for grazing purposes and making hay to carry their stock through the winter.

The next house we came to was William Deming's, father of David Deming and Mrs. Mattie Briggs, now residents of Maryville. One mile north we came to the Col. J. H. Prather farm, father of the late James B. Prather; Mrs. Cynthia Mulholland, widow of the late Dr. J. B. Mulholland, and Mary Vance, wife of Ed McMillen, now a resident of Maryville. The next house we came to was that of Henry, and a little farther north the house of Daniel Swearingen.

Before going further, I will state that the Col. Prather house, which was a two-story house, constructed of brick, was occupied by Uncle Ben and Aunt Lizzie Wheeler, father and mother of Mrs. Amanda Michau, now a resident of Maryville and widow of the late John F. Michau.

We finally arrived in Maryville. I got out of the hack at the Davis barn, that stood just west of where John W. Herren's house now stands, on East First street, and Uncle Billy Davis, George Davis' father, kept a hotel that stood where John W. Herren's residence now stands. I then went up to the public square. When I got out to the corner where the First National bank stands I discovered a small crowd collecting on the corner where the Nodaway Valley bank now stands. On investigation I learned that it was the postoffice. I finally gained an entrance, although there was scarcely standing room. I there learned that the U. S. mail only reached the Maryville postoffice twice a week. I learned that A. C. Votaw was the postmaster's name. He kept the postoffice in the front room and lived in the back part of the house. I should think that the outside dimensions of the house were about fourteen by twenty-two feet, perhaps twenty-four, and a one-story house. As the postmaster called the names from behind the partition, and those in front would answer here, and then the postmaster would throw the letter over the partition. Many of the names called that night became very familiar to me in after years. I shall now give you a few names as I recall them, to-wit: James H. Saunders, Theodore L. Robinson, John Jackson, W. C. Orear, James R. Ford, James B. Prather, Ned Stinson, Andrew L. Stinson, Bourne G. Ford, Dr. David Mulholland, Albert L. Ellis, John Saunders, John Lieber, John L. Michau, Alfred Michau, Lon Moakel, George S. Baker, Benjamin F. Torrance, Henry G. Harmon, Robert Conway, James P. Coover, Alonzo Thompson, Adam Terhune, John C. Terhune, Amos Bentley, Sebastian Richards, Joel Bentley, Frank Glasgow, Cassimer Conrad, Jacob Taylor, Silas Allen, Samuel Moxing, Dave and James Stinson, John Allen, Willis, William and James Allen, Granville Ray, Leander Snodderly, Albert P. Morehouse, Matthew G. Roseberry, Thaddeus K. Beal, Charles Beal, William Swinford, Perry and Simeon Wright, Riley Marlon, Peter, George and Thomas Crouse, Andrew Smidt, John and Abe Collett, Drs. Thomas and Sam Dunn, Sylvester Robinson, Jack and Milford Torrance.

Now as to the census of 1860, as near as I can get at the facts, was about three hundred, but in the year following about fifty men went into the Union army, and near that number went into the confederate army and to the territories to avoid the draft, so you will have to draw your own conclusions as to the exact population of Maryville in 1865.

After I get through with the town I will then turn my attention to the

sparse settlements and little towns and roads through the county. It will perhaps take some time yet to get through with the town of Maryville, the location of the court house, its condition, also the jail Catholic church, resident houses and their occupants, school houses and hotels, newspapers, law and real estate firms, cattle and hog dealers and other business firms. On the lot where the Linville hotel now stands William Swinford kept a hotel. All the rooms were on the ground. It was perhaps thirty feet long by twenty feet wide, with a covered porch in front. He afterward sold out and moved to a long frame house which stood where the Ream residence now stands, on West Sixth street. On the corner where the First National bank now stands was a one-story log cabin with two rooms running lengthwise, east and west, and a man by the name of William Turpin kept a saloon there. I think a man by the name of Elzy Ashford, from Iowa, had come down the year before and bought the lot, 66x132 lengthwise, north and south, paying for the same \$800, and built a picket fence.

(To be continued.)

STANDARD OIL IS HELD MONOPOLY

Supreme Court Says it is a Conspiracy.

DISSOLUTION ORDERED

Time is Extended From One Month to Six Months.

APPLIES "RULE OF REASON."

Holds Only Undue Restraint of Trade is Forbidden.

The supreme court holds: That the Standard Oil company is a monopoly in restraint of trade. That this giant corporation must be dissolved within six months. Corporations whose contracts are "not unreasonably restrictive of competition" are not affected. Other great corporations whose acts may be called into question will be dealt with according to merits of their particular cases. The court was unanimous as to the main features of the decision. Justice Harlan dissenting only as to a limitation of the application of the Sherman anti-trust law. President Taft and cabinet will consider immediately the entire trust situation and the advisability of pressing for a federal incorporation act.

Washington, May 16.—The Standard Oil company of New Jersey and its nineteen subsidiary corporations were declared by the supreme court of the United States to be a conspiracy and its combination in restraint of trade. It also was held to be monopolizing interstate commerce in violation of the Sherman anti-trust law. The dissolution of the combination was ordered to take place within six months.

Thus ended the tremendous struggle on the part of the government to put down by authority of law a combination which it claimed was a menace to the industrial and economic advancement of the entire country.

At the same time the court interpreted the Sherman anti-trust law so as to limit its application to acts of "undue" restraint of trade and not "every" restraint of trade. It was on this point that the only discordant note was heard in the court.

Justice Harlan dissented, claiming that cases already decided by the court had determined once for all that the word "undue" or "unreasonable" or similar words were not in the statute. He declared that the reasoning of the court in arriving at its finding was in effect legislation, which belonged in every instance to congress and not to the courts.

Business Prayers Answered. Ever since the decree in this case in the lower court, the United States circuit court for the eastern district of Missouri, was announced, hope has been expressed by the "business world" that the law would be modified so as to not interfere with what was designated as honest business.

That section of the opinion calling for the use of the rule of reason in applying the law is regarded in many quarters as an answer to the prayers of the "business world."

Tobacco Case Waits. Many expected that the decision in the dissolution suit against the tobacco corporation would be handed down immediately after the decision in the Standard Oil case. This was not done, however, but the decision is expected on May 29.

The opinion of the court was construed to mean that the tobacco case, like every other case in which restraints of trade are alleged, must be subjected to the new test of reasonableness of the restraint, as laid down in the Standard Oil decision.

By far the greater portion of the opinion of the chief justice was devoted to the justification of the court in requiring that the "rule of reason" be applied to restraints of trade before they were held to be violations of the Sherman anti-trust law. The court found this justification in the common law of the forefathers and in the general law of the country at the time the Sherman anti-trust law was passed.

In short, the court held that the technical words of the statute were to be given the meaning which those words had in the common law and in the law of the country at the time of the enactment. This meaning of the words, according to the court, called for the exercise of reason in determining what restraints on trade were prohibited.

Attended Commencement. R. C. Yoder and Mrs. Eliza Boatwright of Stanberry were in Maryville Monday, returning home from Blocton, Ia., where they attended the high school commencement.

PEACE TALK FILLS THE AIR

Negotiations to Be Resumed on Basis of Madero's Demands.

ORDER IS SIGNED BY DIAZ.

Foreign Minister De La Barra Believes That End of Revolution Is Now Very Near at Hand—Other Officials Maintain Secrecy.

El Paso, Tex., May 16.—The end of the revolution in Mexico seems near. Judge Carbajal, federal peace commissioner, received telegraphic instructions from Mexico City to proceed with peace negotiations along the lines proposed by Rafael Hernandez and based upon Madero's demands. The telegram to Judge Carbajal is believed to be signed by President Diaz himself and, it is rumored, contains a formal acceptance by the president of the propositions suggested.

Without doubt formal peace negotiations will be immediately resumed.

De La Barra Expects Results.

Mexico City, May 16.—Peace again looms big on the horizon of Mexico's internal affairs and led Foreign Minister de la Barra, as he started for the national palace, to remark:

"We believe that we are making great progress toward peace."

The minister appeared to be happy, notwithstanding that peace, as outlined in the proposal from the revolutionary camp, may mean his elimination from the government.

Beyond the hopeful expression of De La Barra, the government officials maintained an impressive secrecy as to what is going on behind the doors of President Diaz' cabinet room.

SUCCESS DUE TO SUNSHINE

Harvard Scientist Says Rays Cause Nervous Energy in This Country.

Boston, May 16.—That the nervous energy and the restlessness which have figured prominently in the Americans' battle for success are the result of the brilliancy of the sunlight in this climate, and that this stimulating sunshine may, in generations to come, bring about the decadence of the race, are two questions that have arisen as an outcome of investigations by a group of Harvard scientists.

The generally accepted theory is that there is danger in continued exposure to the fierce sunlight, with its accompanying actinic rays. That these rays may be responsible for what he terms "Americanitis" is an opinion offered by Dr. Percy Brown, also connected with the Harvard Medical school.

MRS. DOXEY IN COURT

Wife of Doctor Pleads Not Guilty to Bigamy Charge.

St. Louis, May 16.—From a stretcher on which she was carried into court, Mrs. Dora E. Doxey pleaded in the St. Louis county circuit court at Clayton not guilty to a charge of bigamy. Her trial was set for Friday. Mrs. Doxey, who is alleged, married W. J. Erder, was taken to the county court in an ambulance by her husband, Dr. Loren E. Doxey. Mrs. Doxey was acquitted here of a charge of having killed Erder. Her husband told the judge that Mrs. Doxey is seriously ill.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

A Burglar's Awful Deed

May not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap of Leadit, Tenn. If ailing, try them. 25c at the Orear-Henry Drug company.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, acid, nervousness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and when your bowels are in good business will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant laxative remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your drug-gift for fifty cents or one dollar, and the size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cures them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That is, we cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Graceful and Attractive Women.

If you are thin and want to be plump; if you have wrinkles in your face that you are not proud of, if your skin is sallow or subject to pimples or blackheads take Mi-o-na stomach tablets for two weeks and notice the change.

Nine-tenths of the thin people are thin because the stomach is not active; it is not mixing thoroughly with the natural digestive juices the food put into it, and in consequence is not extracting from the food enough nourishing matter for the blood to distribute to every part of the body. If the stomach does not do its work properly the nourishment in the food you eat is passed along without giving to the body any flesh building elements. Mi-o-na stomach tablets quickly build up the stomach so that it extracts from the food all the elements necessary to form good solid flesh.

If you are thin try a two weeks' treatment of Mi-o-na stomach tablets; two with each meal will work wonders.

Mi-o-na stomach tablets are guaranteed to cure indigestion, acute or chronic, or money back. Sold by the Orear-Henry Drug company and druggists everywhere at 50 cents a box.

THE INEVITABLE.

I like the man who faces what he must
With step triumphant and a heart of cheer;
Who fights the daily battle without fear;
Sees his hopes fall, yet keeps unfaltering trust
That God is God—that somehow, true and just,
His plans work out for mortals; not a tear

Is shed when fortune, which the world holds dear,
Falls from his grasp—better, with love, a crust
Than living in dishonor; envies not,
Nor loses faith in man; but does his best,

Nor ever murmurs at his humbler lot;
But, with a smile and words of hope, gives zest
To every toiler. He alone is great
Who by a life heroic conquers fate.

Idle Capital is an Extravagance

no community can afford; to do anyone a benefit it must be kept moving and to do the most good it should seek legitimate channels. Then let us divorce ourselves from the prevailing "get rich quick" fever and get back to the good ways of our fore-fathers. Put your money into something at home, where it will HELP YOUR HOME TOWN and enhance the other interests you may have. Why not build a home? There's no satisfaction like that borne of the knowledge you own a home. Start it today and tomorrow you'll awaken with a feeling of independence like that of 1776. Of course you'll need lumber, but we can quickly help you out, as our stock is complete and most orders can be filled the day we get them.

SENATE DEADLOCK STILL ON

Gallinger and Bacon Poll Same Number of Votes.

Washington, May 16.—A continuation of the deadlock in the attempt to elect a president pro tempore of the senate was apparent when the first ballot resulted in no choice. Senator Gallinger, the Republican caucus candidate, polled 33 votes, his Democratic opponent, Senator Bacon, the same number, while six progressive Republicans voted for Senator Clapp.

CORPORATIONS MUST OPEN THEIR BOOKS

Government Wins Point in Wilson Contempt Case.

Washington, May 16.—The supreme court of the United States approved the recent sentence of contempt imposed in the New York courts on Christopher C. Wilson, president of the United Wireless Telegraph company, because of the refusal to permit the examination of the company's books.

By this decision the federal government won a far-reaching legal controversy in that officials of corporations cannot refuse to give up corporation books for examination by grand juries lest they themselves be incriminated thereby.

The sentence of contempt imposed in the New York courts on Wilson was based on his action in defeating the attempt of a grand jury to examine the books of his corporation. It is said the investigation had to do with the alleged violation of postal laws.

Wilson himself was in court to answer to the subpoena, but he declined to allow the grand jury to examine the books or to turn them over to the directors of the company for production in court. The ground for his refusal was that the books would tend to incriminate him. He was finally adjudged in contempt of court and placed in the custody of the marshal. The case was later brought to the supreme court.

Justice Hughes, in announcing the opinion, said that Wilson could not under these circumstances assert a personal privilege, which the obligation of the corporation to the government required it to perform.

Justice McKenna delivered a dissenting opinion.

JOIN GERMAN CHURCH

English Lutherans Effect Merger at St. Louis.

St. Louis, May 16.—English Lutheranism lost its identity as a distinct denomination when the eighty congregations comprising this branch of the Missouri synod became merged with the 3,000 German congregations.

Henceforth the English churches will comprise the first of twenty-four districts of the Lutheran church in the United States.

The consolidation of the branches was attended with a celebration, at which addresses were made by the president, the Rev. F. Protenhauer, and others who have held that office at various times in the last twenty-three years.

Surprise was manifested by the delegates when they learned that in the last eight years 140,000 converts to the church had been obtained in Argentine Republic and more than 13,000 in Australia and New Zealand.

LABOR WINS CONTEMPT FIGHT

Jail Sentences of Gompers, Morrison and Mitchell Invalid.

SUPREME COURT REVIEWS CASE

Opinion, Which Was Read by Justice Lamar, Holds That Labor Union Leaders Were Erroneously Sentenced and Case Is Dismissed.

Washington, May 16.—Setting aside the sentences of imprisonment imposed by the supreme court of the District of Columbia, for alleged disobedience to a boycott injunction, the supreme court of the United States held that Samuel Gompers, John Mitchell and Frank Morrison, president, vice president and secretary of the American Federation of Labor, had been erroneously sentenced to jail on a charge of contempt of a local court.

The first case announced was the contempt case against Messrs. Gompers, Mitchell and Morrison. Justice Lamar delivered the court's decision.

The court unanimously held that the only sentences that could be imposed on the labor leaders were fines. In so holding, the supreme court of the United States found that the court of appeals in the District of Columbia and the supreme court erred in treating the proceedings as a criminal case and not a civil one. The effect of holding the proceedings a civil one was to make jail sentences impossible. Hence the jail sentences had to be set aside.

Case Ordered Dismissed.

To correct the error the case was sent back to the local courts, with direction that it be dismissed. At the same time the court expressly made it possible for civil proceedings to be instituted against the labor men by the Bucks Stove and Range company at whose instance the original contempt case was brought. The court was led to hold that the contempt proceedings in this case must be civil in nature, because criminal punishment is exercised by courts to force persons to do acts commanded. In the present case, the court took the view that the labor men were being sent to jail not to make them do something the court ordered, but because of "something they had done."

Inasmuch as all the difference between the labor men and the Bucks Stove and Range company has been adjudicated, including the boycott case, out of which the contempt proceedings arose, the decision is probably the last to be heard of this famous action.
